Dear Sonny and Julie,

Please accept my most profound and heartfelt congratulations upon the most joyous celebration of the 25th Anniversary of your marriage and ministry with Victory Outreach.

Your accomplishments as founders and executive directors of Victory Outreach have consistently demonstrated the highest traditions and ideals of public service. Your gang prevention and drug rehabilitation programs continue to benefit thousands who have discovered a better life through Victory Outreach.

You are to be commended for your success in restoring these drug free addicts to societies' mainstream. You have demonstrated the success that can be achieved by offering the addict or gang member an entirely new way of life through christianity.

From a challenging era in time and a humble beginning a quarter of a century ago Victory Outreach has achieved many worthwhile goals and earned the recognition of both the public and private sector. Victory Outreach has also received recognition as a leading non-sectarian, non-profit organization with victory homes, a nationwide television series, and inmate services within the nation's correctional facilities.

With great honor and pride I join your thousands of friends as you receive a richly deserved tribute on your 25th Silver Anniversary.

Very truly yours,

  
JOHN K. VAN DE KAMP
