

Congratulations to Victory Outreach on your 50<sup>th</sup> year in ministry. What an amazing milestone!

Over the decades, Victory Outreach has become one of the most dynamic modern day ministries bringing the Gospel to the inner cities of the world. Today, thousands of people are living productive lives because of their work. These are people who would be lost, addicted, or perhaps even dead if not for the truly vital work in which Victory Outreach has toiled over the decades.

May God continue to bless Victory Outreach for another 50 years of ministry.

Sincerely,

James Dobson Ph.D.
