Dear Pastor Sonny,

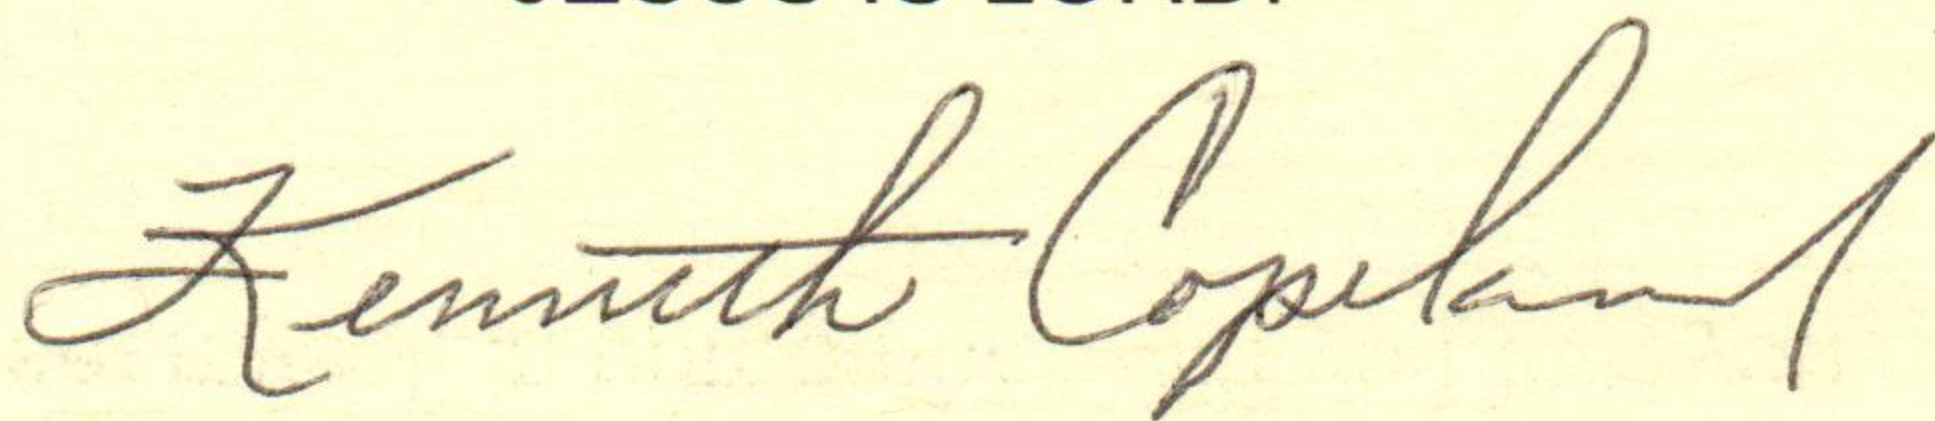

The trumpets of jubilee are blaring. What a BLESSING it is to hear of your 50th anniversary celebration during a season in which it is so appropriate to remember all that our Jubilee has done for us.

Now in Jesus, God has given every believer all that He promised to His people in Leviticus 25:9-12—salvation, deliverance, healing, prosperity. You have walked in that victory since you received Jesus as your Lord and Savior. Now I set myself in agreement with you that you will see more of His victory and glory in your coming jubilee year than you have ever seen before.

This is an important year for you and for the Body of Christ. It's a glory year. Jump right into the middle of it. Receive all of the joy and BLESSING God has promised you. And don't be surprised when God uses you as a vessel of His glory in ways you have never before seen!

Gloria and I love you and are praying for you. Have a BLESSED and joyful day!

JESUS IS LORD!
